

# CYLINDER SPEC SHEET

**Notes:**

<b>A: Open Centres</b>	<input type="text"/>	<b>B: Closed Centres</b>	<input type="text"/>	<b>C: Stroke</b>	<input type="text"/>
<b>D: Tube Outside Diameter</b>	<input type="text"/>	<b>E: Tube Inside Diameter</b>	<input type="text"/>	<b>F: Base Mount Length</b>	<input type="text"/>
<b>G: Pin to Tube Distance</b>	<input type="text"/>	<b>H: Base Pin Diameter</b>	<input type="text"/>	<b>I: Shaft Mount Outside Diameter</b>	<input type="text"/>
<b>J: Shaft Pin Diameter</b>	<input type="text"/>	<b>K: Base Width</b>	<input type="text"/>	<b>L: Shaft Mount Width</b>	<input type="text"/>
<b>M: Shaft Diameter</b>	<input type="text"/>				

**Cylinder Specs**

Double Acting	<input type="checkbox"/>	Single Acting	<input type="checkbox"/>	Displacement	<input type="checkbox"/>
Multi-Stage	<input type="checkbox"/>				

**Shaft Material**

1045 Chrome Plated	<input type="checkbox"/>	4140 Hard Chrome Bar	<input type="checkbox"/>	Stainless	<input type="checkbox"/>
Induction Hardened Chrome	<input type="checkbox"/>				

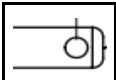

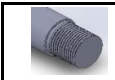

**Operating Pressure**

3000 PSI	<input type="checkbox"/>	4000 PSI	<input type="checkbox"/>	5000 PSI	<input type="checkbox"/>
----------	--------------------------	----------	--------------------------	----------	--------------------------

**Base Mount**

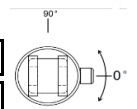

Eye	<input type="checkbox"/>		Flange	<input type="checkbox"/>		Solid Base	<input type="checkbox"/>	
Clevis	<input type="checkbox"/>		Trunnion	<input type="checkbox"/>		Tongue	<input type="checkbox"/>	

**Shaft Mount**

Cross Tube/Collar	<input type="checkbox"/>		Thru-hole	<input type="checkbox"/>		Threaded	<input type="checkbox"/>	
Clevis	<input type="checkbox"/>		Spherical Eye	<input type="checkbox"/>		No Mount (Blank)	<input type="checkbox"/>	

**Port Details**

Rear Port Orientation (deg)	<input type="text"/> °	Rear Port Type	<input type="text"/>
Head Port Orientation (deg)	<input type="text"/> °	Front Port Type	<input type="text"/>

**Notes:**
